This service has been set up to make it easier for you to pay when you are not in the Medical Centre. If we do not hold a mobile number for you, the payment request will come via email and look very similar to the above.

We want to assure you these messages are not a hoax or scam, but if you feel more comfortable paying by online banking – that option is still available, or just pop into the practice and pay at the front desk. Any questions, please do not hesitate to get in touch. We hope you will find this service helpful and save you valuable time.
